At **tArt**, we create beautiful wooden trays and **kitchen accessories** that add a touch of art to every table.

Founded in 2019 as a family-owned business in Gjakove, Kosovo, we started with a simple goal: to provide **high-quality**, sustainable wooden products for kitchens and restaurants when they were hard to find in our region.

Our mission is to bring creativity and elegance to dining. Every product is made with care, using precise machinery and hand-finishing by our skilled craftsmen. This ensures every piece meets our high standards for quality and design.

We work mainly with the **HoReCa industry**, helping businesses stand out by offering products that enhance food presentation and create memorable experiences. Our wooden trays are not only beautiful but also environmentally friendly, making them a smarter choice for businesses that value sustainability.

Today, **tArt is proud to be a trusted partner for many restaurants across Kosovo and beyond**. Our products are sold in over 15 countries, and we continue to grow. We are committed to fast communication, solving any issues quickly, and always standing behind our work.

When you choose **tArt**, you're choosing reliable craftsmanship, sustainable solutions, and a partner dedicated to helping your business shine. Let us bring art to your tables.
